Connecting the Rainier Receiver to your 4DTV.

For Use with Our Hookup/Slave Kit

1) Disconnect power cord from 4DTV wall outlet.
2) Remove coax from C band LNB in on 4DTV.
3) Connect LNB to In on Splitter in Slave Kit.
4) Connect jumper to 4DTV port (power pass) (see diagrams below)
5) Connect other end of jumper to 4DTV LNB C band in.
6) Connect jumper to 9865 port on splitter (non power pass)
7) Connect other end of jumper to Satellite in on D9865
8) Program 4DTV position and Skew for satellites needed for our channels.
9) Program Rainier Receiver to receive channels.
    See diagrams below for more reference.
